DEATH OF JUDGE RAUCK

FOR MORE THAN THIRTY YEARS
HE HAD BEEN RESIDENT
OF THIS CITY.

CAME TO AMERICA FROM GERMANY IN '66

Ten Years Later Removed to Sedalia
—The End Came Just Before
Noon—Funeral Arrange-
ments Not Perfected.

Judge Burkard J. Rauck, for two terms police judge of the city of Sedalia, died suddenly from heart failure at his home, 1009 South Ohio avenue, at 11:50 o'clock this morning, following an illness of only a few minutes.

Judge Rauck was up town during the early forenoon, and returned home about 11 o'clock, complaining of pains near his heart. They grew more severe and Dr. Edmund Nasse was summoned.

Shortly after the arrival of the physician the patient was taken violently ill, and died several minutes later with the members of his family at his bedside.

Judge Rauck was born in Weimar, Germany, Oct. 11, 1843. He was educated in the common schools and later attended Fulda seminary, after which he took up the study of music. He served two years in the Ninety-fourth regiment, German infantry, rising to the rank of second lieutenant.

In 1866 Judge Rauck came to America, landing in New York City. He remained there only a short time, going thence to New Orleans, where he taught vocal and instrumental music for a period of eighteen months.

From New Orleans Judge Rauck came to St. Louis, where he taught school for a time, and also gave instruction in music. From St. Louis he removed to Hermann, Gasconade county, Mo., where he taught English and German in the public schools for six years. Ill health caused him to resign as a member of the faculty, and he returned to Germany, in the hope that a change of climate would prove beneficial.

Seven months he remained in his native land, at the expiration of which he was fully restored to health. Returning to Missouri, Judge Rauck engaged in farming in Osage county until 1875, when he removed to California, Mo., and resumed the vocation of teaching in the public schools.

In July, 1876, Judge Rauck came to Sedalia, and this city has been his home continuously since. He founded the Sedalia Journal here and was its editor and publisher for three years. In the spring of 1882 the judge was elected on the democratic ticket as city register, recorder and clerk, the duties of the three offices devolving upon one individual at that time. He was re-elected in 1883, and at the expiration of that term accepted employment with a bank in St. Louis as collector.

Later, he traveled for the Germania Insurance Co. of New York, but soon returned to Sedalia.

In 1891 he was elected city clerk by the council of Sedalia, and at the end of the term was elected city recorder on the democratic ticket. He continued to hold this office until the spring of 1894, the legislature in the meantime having changed the title to police judge.

Judge Rauck was married on Oct. 28, 1869, at Morrison, Gasconade county, Mo., to Hannah C. Clarey, who, with two children, as follows, survive: Arthur and Addie.

Deceased was a member of the Woodmen of the World and the Royal Tribe of Joseph. Funeral services will be held Thursday, but further details have not been arranged.

TWO TRAINMEN KILLED

Passenger Left Track and Plunged Into Steep Embankment.

Huntington, W. Va., Jan. 5.—A fast flying Virginian passenger train on the Chesapeake & Ohio railroad ran into an open switch early today at Caperton, seventy miles east of here. The train went hurtling into the side of a steep embankment, and Thomas Edwards, engineer, and Peter Trent, fireman, were instantly killed.

County Court Proceedings.

The judges of the county court today allowed the criminal fee bills for December, amounting to \$387.65.

Mike Rymer was reappointed janitor at the court house for two years, and H. C. Hatton was reappointed superintendent at the County Home for a similar period.

Up to the time the Democrat-Sentinel went to press the judges had not granted a dramshop license to J. G. Schmid, who is alleged to have sold liquor to a minor, nor to John Stoble, who is accused of conducting a disorderly saloon.

The Will of J. H. Warren.

The will of the late J. H. Warren was probated today. Deceased left everything to his wife, Mary Frances, who was named as executrix.

Are Licensed to Wed.

A marriage license was issued today to James E. Gaines, of Wagoner, Ok., and Myrtle I. Rash, of this city.

PUT UP A \$200,000 PLANT

THIS IS WHAT ECONOMY STEAM HEATING COMPANY IS ANXIOUS TO DO.

CITY COUNCIL IS ASKED FOR FRANCHISE

Matter Was Referred, and Will Be Reported Back at Next Meeting
—Furnish Street and Commercial Lights.

The Economy Steam Heating Co., at Monday night's meeting of the city council, presented a petition asking for a franchise to erect a lighting plant in this city, to operate in competition with the other lighting companies of Sedalia.

The petition was referred to the proper committee to report back, and, no doubt, the ordinance will be passed when presented for the council's approval.

The Economy Steam Heating Co. intends to erect a \$200,000 lighting plant in this city in conjunction with the steam heating plant, and, provided the ordinance granting the franchise is passed, preliminary work will be begun at once.

According to D. D. Hayward, superintendent of the company, the corporation will erect a plant much larger than the present lighting plants in the city, and will furnish street lights as well as commercial lights.

At Lockport, N. Y., the headquarters of the heating company, this corporation erected a lighting plant two years ago in competition with the Union Gas Co., and caused a reduction of 25 per cent both for street lights and commercial lights.

MADE GREAT RECORD

County Collector John L. Sullivan for December.

For the month of December, 1908, County Collector John L. Sullivan and his efficient office force collected the sum of \$180,650.53, or \$31,341.98 in excess of the largest previous December collections in the history of the county.

The last four days of the month Mr. Sullivan and his deputies waited upon no fewer than 4,000 taxpayers, making a record never before approached by any other collector. The month's collections in detail follow:

State tax	\$18,306.06
State interest	39.76
County tax	67,243.55
County interest	263.21
Road tax	\$424.85
Six-mile tax	7,577.47
School tax	29,562.37
Sedalia school tax	41,368.43
Lamonte school tax	1,261.94

TOM DONOHUE MARRIED

POPULAR FORMER SEDALIAN
CLAIMS ILLINOIS GIRL
FOR HIS BRIDE.

WERE MARRIED AT INDIANAPOLIS, IND.

Mr. Donohue is Now the General Manager of the Citizens' Electric Light Company at Lafayette, Indiana.

Mr. and Mrs. John Donohue, of 301 East Howard street, have been advised of the marriage of their son, Thomas Donohue, at Indianapolis, Ind., December 31, to Miss Mamie Smiley, of Belvidere, Ill., and one of the newspapers of Belvidere had the following in regard to the wedding:

Belvidere friends will learn with much interest and no small measure of surprise of the marriage of Miss Mamie Smiley, of this city, and Thomas Donohue, of La Fayette, Ind.

Mr. Donohue, who will be remembered as Belvidere manager for the Public Service Operating Co., came to Belvidere Wednesday evening to claim the pretty Belvidere young lady he won as his bride, and the couple went Thursday morning to Indianapolis, where the ceremony was scheduled to take place that afternoon.

Miss Smiley was in charge of the books for the Public Service Operating company during several months of the period when Mr. Donohue was here, and it was then that the popular manager lost his heart to the charms of his captivating assistant, and the culmination was in the happy event at Indianapolis this afternoon.

Both the bride and groom will receive the hearty congratulations of their numerous Belvidere friends.

Mrs. Donohue has lived in Belvidere practically all her lifetime, and has been one of the city's estimable young ladies.

happy and prosperous journey through life.

Runaway Boy Arrested.

Clifford Allen, 12 years old, a St. Louis lad, en route to Denison, Texas, via any route that will permit of his transportation, was apprehended by Chief of Police Boulton at the M. & T. station today, and now occupies quarters in the city jail, awaiting the arrival of his father from the Mound City.

The boy ran away from home and was destined to the Lone Star state when taken from the train. He will be returned to St. Louis tonight.

SLIDING SCALE ALIMONY

WIFE GAVE GOOD REASON AND
JUDGE CHETLAIN GAVE
HIS CONSENT.

SHE DID NOT WANT ANY STIPULATED SUM

Explanation Was That Her Former Husband Had a Varying Income and It Is Likely to Go Much Higher.

Chicago, Jan. 5.—Mrs. Alice W. Johnson sprung a new one on Judge Chetlain yesterday when she asked for "sliding scale alimony."

After securing her divorce from Charles L. Johnson, a well known electrical appliance dealer, she originated, demanded and received this form of maintenance.

"What kind of alimony is sliding scale alimony?" queried Judge Chetlain.

"Well," said Mrs. Johnson, "I take one-third of Mr. Johnson's income."

"Why don't you make it a stipulated sum?" asked the judge.

"Because," said Mrs. Johnson, "Mr. Johnson has a varying income, and it is apt to go higher."

"Oh," said the court, "higher." And it was fixed up.

A Suit to Recover a Piano.

S. R. Payne, of Sedalia, filed suit in the circuit at Nevada Monday against ex-Sheriff R. B. Moore, A. J. King, Dr. Hornback and the Wainwright Furniture Co., to recover a piano held by these parties on notes secured by J. B. Rudert and wife, former Sedallians.

HE CUT A HOLE IN THE ICE

THEN A MICHIGAN PASTOR BAPTIZED CLASS OF CHURCH OF GOD CONVERTS.

ONE THOUSAND PERSONS WERE PRESENT

Three of the Women Were Barefooted—Class Ranged in Age From Small Child to Woman Seventy-Two Years Old.

St. Joseph, Mich., Jan. 5.—In the presence of 1,000 persons, grouped on the snow and ice clad shore of Lake Michigan, a class of Church of God converts were Sunday afternoon baptized by Rev. August F. Schmitz, head of the local church.

Descending into the chilled water by means of a ladder, through a hole in the ice, ten persons, ranging in age from a small child to a frail woman 72 years old, were thus immersed. A cold, raw wind swept in from the lake.

Floating ice interfered somewhat with the rapidity with which the pastor apparently desired to work, but each candidate successfully entered the lake and quickly afterward scrambled out again.

They were clad in ordinary clothing. Three of the women were barefooted. They did not remain to witness the close of the services.

SPEEDY TRIAL EXPECTED

District Attorney Sims Talks Regarding \$29,000,000 Fine Case.

Chicago, Jan. 5.—United States District Attorney Sims today made his first comment on yesterday's decision of the supreme court in the \$29,000,000 fine case.

"The big case will be redocketed within a few days," said he, "and may be on trial within two weeks."

LEASES WERE INVALID

Federal Court Restores Property Signed Away by Ignorant Creek.

Muskogee, Okla., Jan. 5.—In the federal court here today Judge Campbell held that all the alleged sales and leases signed by Zeke Moore, a Creek freedman, to land in the Glenn

Pool oil district of Oklahoma are invalid, except one lease covering a period of fifteen years given to R. S. Litchfield, who is supposed to represent the Standard Oil company.

The land is worth half a million dollars, and by this decision Moore will secure 10 per cent royalty on all the oil taken from wells on the land under the Litchfield lease.

Widow Present in Court.

Union City, Tenn., Jan. 5.—For the first time during the trial of the night riders, Mrs. Quentin Rankin, widow of the man for whose murder the eight alleged night riders are now on trial, was in court today when the arguments began. Major Hal Holmes opened for the state.

THE OLD CLOCK STRUCK

AFTER REMAINING SILENT IN THE DWELLING FOR SEVERAL MONTHS.

TOLD OF DEATH OF ONE OF OWNER'S KIN

Struck Sixty-Three Times, and This Was the Age of the Man Who Was Called Upon to Cross the Great Divide.

Wilmington, Del., Jan. 5.—The striking of a century-old clock in the home of Mr. and Mrs. Frank Massey, at Newcastle, Del., yesterday told Mrs. Massey that a death had occurred in her family.

The clock had failed to strike for several months until when it took a fit and struck 63 times before it stopped.

Mrs. Massey, who counted the strokes, exclaimed, "Something has happened to my brother, Lewis; that is his age."

A telegram received later in the day told of the sudden death of her brother, Lewis Burke, in Allentown, Penn.

It was learned that Mr. Burke died within two minutes of the time the ancient timepiece made its strange run.

MISS OSTERMAN LAST NIGHT

She and Her Company Furnished Delightful Evening's Entertainment.

Miss Kathryn Osterman and her capable company delighted a good-sized audience at the Sedalia theater, last night, presenting "The Night of the Play," a comedy that is as full of laughs as an egg is of meat.

The many excruciatingly funny situations evolved by the author were portrayed with such naturalness and vigor by each member of the cast that there was hardly a moment during the entire evening but that was mirthful.

Miss Osterman was, of course, the center of all the gawky and bubbled over with fun of the real, natural sort. She is a beautiful woman also, and has a form most divinely perfect. In the last act she was a dream of womanly symmetry, making even the old timers sit up and take notice.

STILL FEELING SHOCKS

In Messina People Continue in Terror—Living Victims Rescued.

Messina, Jan. 5.—Earth shocks are continuing here, although they are diminishing in intensity. At night especially they are frequently felt.

The fires in the city are being gradually extinguished and thirty thousand rations were distributed yesterday. Reggio is practically deserted, except for the troops, as is also Villa San Giovanni.

Numerous persons still living were taken today from beneath the ruins, while the voices of others could be distinctly heard appealing for aid.

In the camps of the refugees many piteous scenes were enacted, many persons throwing themselves on their knees, begging for bread, while five minutes' walk beyond were orange groves rich with ripe fruit.

The Ladies' Musical Club.

The Ladies' Musical club will meet tomorrow morning, when Miss Ruth Martin will give a piano recital, the vocal numbers being furnished by Mrs. W. D. Steele. A delightful program is assured.

A WIFE "KISSED THE CAT"

AS AN OFFSET TO THIS HER HUSBAND CHEWS THE REALLY FILTHY WEED.

THIS BROUGHT ABOUT THE SEPARATION

An Eastern Justice of the Peace Endeavored to Settle Their Differences but Met With Failure.

New York, Jan. 5.—Justice of the Peace William B. Williams, of Montclair, N. J., says he was called on yesterday by a man and his wife, who asked him to draw up separation papers.

The justice made an effort to patch up their differences, but a shake of the head from each was the only result of his good advice.

Both admitted that each was a model, with the exception of a habit they had, and with which they could put up no longer.

Then the puzzled justice addressed both. "Make a confidant of me," he said, "and perhaps I can suggest a better remedy than separation."

The man and wife looked at each other sheepishly and the woman said: "You may tell, if you wish."

"Well, Judge," said the husband, "I chew tobacco and my wife objects to it. She kisses the cat every night before going to bed, and I object to that. We talked the matter over New Year's day, and as we are determined to stick to our habits, we have decided to separate."

They separated.

WHO DID THE NIPPING?

That Is What Walter Staley Is Anxious to Ascertain.

Walter Staley, manager of the Sedalia Undertaking company, is enlisting the aid of the "sleuths" to locate several articles of "value" which recently disappeared from the company's office on Ohio street.

Several weeks ago Ernest Gillespie, assistant, lost a fine overcoat, which was stolen from the rack in the room.

Now, today, the management missed an exceptionally pretty advertising calendar—the only one of the kind in the city—which suddenly disappeared from its hanging place at the company's office.

The calendar's beauty was frequently commented on by several visitors at the firm's office, and at least two people of unquestionable character are suspected of the calendar theft.

HAINS CONTINUES TESTIMONY

Denied That He Asked for Slain Man Before the Killing.

Flushing, N. Y., Jan. 5.—Testifying in his own defense today, Thornton Hains declared that the only person he pointed his revolver at was Mr. Roberts, and that he never saw Funk or Andrews until he saw them on the float, and denied that he had asked any of the club members on the dock for Annis before the killing.

Criminal Court Proceedings.

The "Dodge" Hubbard robbery case is still on trial in criminal court today, the defendant being on the stand as the Democrat-Sentinel goes to press.

Judge Louis Hoffman was disqualified to try the George S. Marshall case on two counts of obtaining property falsely, and Judge N. M. Bradley was summoned to serve. Hearing of the cases was set for January 8.

Library Board Held Meeting.

The library board held their regular monthly meeting this afternoon at 1 o'clock. Routine business only was transacted.

HOW LONG MUST WE ENDURE?

It seems to be the same old story
of wait, wait, wait, with the gas com-
pany.

For years, in fact, ever since it has
been working under the present fran-
chise, this concern has been a
violinist of its contract with
the city in refusing to in-
stall a photometer, and during this
period has at various and frequent
times robbed consumers by furnishing
impure and below-standard gas,
exacting under the threat of removing
meters payment for same at the
same rate as it is permitted to
charge for the high grade product.

Taking this into consideration, to-
gether with the vast amount of air
that has been forced into the mains,
and which has been measured
through the meters and paid for by
citizens of Sedalia, the people of the
city have been robbed of thousands
of dollars by this corporation. And
still the robbery continues.

For a time during the past few
months, and up to the middle of De-
cember, the product has been of a
fairly good quality, but since then it
has been as bad, if not worse, than
ever before.

When this company first invaded
Sedalia its excuse for inadequate ser-
vice and poor product was the dilapidated
condition of the old plant. When the new plant was
completed they said that as
soon as things were in running or-
der conditions would right them-
selves. Under the gas expert who
was in charge of the plant things
were becoming satisfactory again,
when the gas expert was summarily
ordered to resign, and since his resig-
nation the old pillage has been re-
sumed. Why is it that the only man
who in years has made good gas for
Sedalia was removed? Was it be-
cause the company didn't want good
gas and dispensed with his services
because he tried to be honest in spite
of them? It surely looks that way.

In the meantime, it's ten days more
of robbery for this odiferous con-
cern, and after that—more time, more
time, more time. How long must the
people endure?

YIELDS SINEWS OF WAR ON WHITE PLAGUE.

The sale of Red Cross stamps to
help stamp out tuberculosis, held in
various parts of the country, proved
such a success this year that arrange-
ments are in contemplation for re-
peating the procedure at each holiday
season.

The stamps were sold in thirty-
seven states of the Union, and it is
planned to have them on sale in all
of the states next time. While even
a rough estimate of the sum realized
from the stamps, many of which
were sold through the postoffices, has
not been made, it is known that the
amount is large. Another year, how-
ever, should see the number trebled
or quadrupled. Their sale then will
be universal and the public will know
more of their purpose.

The method seems to have become
popular instantly, and there proba-
bly wasn't one person in a hundred
who thought of it and had the

change who didn't affix one of the
stamps to each letter and package
mailed. The cause is a most worthy
one, one which the government may
properly recognize and aid by placing
the facilities of its postal system at
its disposal.

The money realized from these
stamps will be devoted to a praise-
worthy work, in which society
throughout the whole nation will
benefit. There is no greater work of
the kind than the fight that is being
waged on tuberculosis. Those who
are leading the battle require finan-
cial assistance, as well as moral en-
couragement. They must have money,
and if every man, woman and child
in the country would contribute a
nominal sum, think of the cash that
would be raised. The stamp is an
excellent method for reaching the
masses and the proceeds will be at
the greatest help in providing the
sinews of war.

FOREIGN LABOR.

In the year from Oct. 1, 1907, to
Oct. 1, 1908, according to the report
of the secretary of commerce, 724,112
foreigners came to this country, and
717,814 foreigners left our shores.
This shows a gain of 6,298 for the
year.

It also shows that America is no
longer the attractive land that it
used to be for homeseekers. They
come hither in crowds during our
spurts of industrial activity and la-
bor, and take their wages and go
away. They can not afford to stay.
It is a land of plenty. There is great
store of cattle, cotton and corn; but
the cost of living has been jacked up
and put out of the reach of men and
women of slender means.

Labor is "protected" here to such
an extent that the laborer finds it
cheaper to live where it is not pro-
tected so much. We have run our
theory into the ground and are just
waking up to the extent of our folly.

CITY ADVERTISING.

St. Paul, Minn., is said to be one
of the first cities in the United States
officially to recognize the value of ex-
ploiting its industrial resources and
residential attractions in the public
prints. The city council has appro-
priated \$25,000 to augment an adver-
tising fund raised by private sub-
scriptions, and has committed itself
to the policy of renewing the appro-
priation annually.

Ten years ago few communities re-
alized the possibilities of growth at-
tainable through this sort of publici-
ty, and such advertising was a rarity.
Now the cities and towns that use
newspaper space to attract capital
and population are numbered by the
hundreds. Official participation in
community advertising marks a new
and important step in advance.

Rockefeller Institute Discovery Rival-
ed in Importance by New
Discovery.

The recent discovery at the Rock-
efeller institute that Epsom Salts is
an ideal anesthetic was followed by
a more important one.

A new drug, Mucosolvent, which
was thought heretofore to be most
valuable in the cure of diphtheria, has
been found an absolutely infallible
specific for all forms of catarrh, and
since all affections of the membra-
neous tissues is catarrh in one form
or another, Mucosolvent at once be-
comes the most vitally important drug
in the world.

Already this wonderful drug has
come into general use, and today is
sold in drug stores all over the United
States and Europe. Being perfectly
harmless, it is supplied without a pre-
scription and is administered with
freedom.

We understand that Dan Wilcox, of
this city, has arranged for a supply
of this remarkable preparation and
will add his personal guarantee to
that of the discoverer of the wonder-
ful drug.

Mucosolvent cures tonsillitis,
grippe, whooping cough, sore throat,
colds in the head and all kindred ail-
ments. It prevents the development
of nearly all troubles that affect the
membraneous tissues.

Catarrh of the stomach, a trouble
that is becoming general in this coun-
try, is readily cured through its use,
and many other forms of indigestion,
also that arise from an inflamed or
diseased condition of the lining of the
stomach.

RHODE ISLAND.

SUCCEDED THE HON. JAMES H. HIGGINS

Governor's Salute of Seventeen Guns
Was Fired by the Battery
Stationed on the Lawn
of the Capitol.

Providence, R. I., Jan. 5.—Little
Rhody has a new chief executive,
the honor and duties of that office
passing from James H. Higgins to
Governor Adam J. Pothier today,
when, with the pomp and ceremonial
that has characterized inaugurations
in the past, Mr. Pothier and the other
officers elected last November took
their oaths of office, and the 1909
general assembly organized for the
transaction of business.

All the customs that have marked
the induction of governors for years
were observed when Mr. Pothier as-
sumed his duties. The swearing in of
the new governor was announced as
of yore, from the balcony of the state
house, and was greeted with the gov-
ernor's salute of seventeen guns from
the battery stationed on the lawn.

After the inauguration of the gov-
ernor and the organization of the
legislature for sixty days or more of
legislation will come the reception of
the new governor to the members of
the general assembly and their wives
and such dignitaries and guests as
happen to be present. In the evening
will occur the usual reception and
illumination of the capitol, to which
the public is invited.

ARE MARRIED 25 YEARS

JUDGE AND MRS. C. E. MESSERLY
AT HOME TO THEIR FRIENDS
LAST NIGHT.

THE ELITE OF THE CITY IN ATTENDANCE

There Were Also a Number of Cut-of-
the-City Guests—Ladies Ele-
gantely Dressed—A Delight-
ful Function, Truly.

A more beautifully managed and
successful reception was never held
in Sedalia than that of last night at
the home of Judge and Mrs. C. E.
Messerly, the occasion being the
twenty-fifth anniversary of the mar-
riage of this most estimable couple.

Everybody knows Judge Messerly
and knows what he is to Sedalia and
Pettis county. He is simply an ideal
citizen, and his charming wife is in-
deed a most pleasing person and well
worthy of the man she espoused twenty-
five years ago. She is probably
loved and admired by more people
than any other Sedalia lady, so that
it is not surprising that their home
was thronged by the best people in
the county, who were only too glad
of this opportunity to pay their re-
spects and to wish the host and host-
ess many more years of wedded bliss.

Those who assisted Judge and Mrs.
Messerly in receiving and caring for
the crowds that were in attendance
last night, were their two sons,
Charles and McRoberts, Mesdames
Charles Deneen, George Day and Susan
Dana, these three ladies from
Springfield, Ill.; Mr. and Mrs. Harry
Menschke, Mr. and Mrs. C. E. West,
Mrs. Gertrude Maibach Glass, Mrs. W.
F. Keyser and Miss Christine Spencer.

The entire lower floor of the Mes-
serly home was most elaborately de-
corated in greens of all sorts, cut flow-
ers and white wedding bells. The
refreshments were quite simple, but
most deliciously delicate.

No function in Sedalia probably
was ever participated in by more
handsome women, elegantly gowned.
The Democrat-Sentinel would be
pleased to give a description of some
of the gowns worn, but will only say
that the bride indeed looked most be-
witching, in exactly the same cos-
tume in which she was married. The
presenters were many and very appro-
priate and beautiful. Friends knew
that Judge and Mrs. Messerly had
silverware sufficient for their needs,
so did not confine their giving to sil-
ver, but gave other things as they
thought would be most pleasing.

Mrs. Dana, for instance, gave to
each handsome Swiss watches, unique
in manufacture, the cases being in
steel, with the gold wrought in by
hand.

But why elaborate? It would take
columns to do this function justice.
Everybody had a royal good time and
departed for their homes at a late
hour, wishing Judge and Mrs. Mes-
serly many happy returns of this,
their wedding anniversary.

The Voyage of Twenty-Five Years.

BY LEIGH GROSS DAY.

[To Mr. and Mrs. Charles E. Messerly
on their twenty-fifth anniversary.]
The great ship of Time on the sea
of Life

That has drifted in with husband and
wife

Has been riding the waves over foam
and crest

Bound for this harbor, their haven
of rest;

In the sunset's red glare the tall
portal appears

And the anchor drops at twenty-five
years.

They stand by the railing, hand in
hand,

Watching the tide ebb and flow on
the sand;

Their ship is safe in the home port
at last

From that wonderful land, the Long
Ago Past.

Where with sails unfurled and with-
out any fears

They began that voyage of twenty-
five years.

For they sailed when life and love
were new

And God in His mercy brought them
through

Till at last they are moored here in
Borderland

With a great content, for hand in hand
Through a harvest of smiles and a
famine of tears

They look back on that voyage of
twenty-five years.

STATISTICS OF SCHOOLS

SHOW THAT COLUMBIA IS THE
LEADING EDUCATIONAL
INSTITUTION.

HARVARD COMES NEXT IN THE LONG LIST

These Two Are Followed by Michigan,
Chicago, Cornell, Minnesota,
Pennsylvania, Illinois,
New York, Etc.

New York, Jan. 5.—Nearly all the
big universities of the country will
resume today and tomorrow, after
the holiday recess.

The attendance figures are practi-
cally complete and show that Colum-
bia is now the leading educational in-
stitution of the country in the num-
ber of pupils enrolled, having sur-
passed Harvard, which had first place
last year. Yale is now twelfth in the
list of twenty-five prominent colleges
here given:

1. Columbia	5,675
2. Harvard	5,342
3. Michigan	5,188
4. Chicago	5,114
5. Cornell	4,700
6. Minnesota	4,687
7. Pennsylvania	4,555
8. Illinois	4,400
9. New York	3,951
10. Wisconsin	3,876
11. California	3,751
12. Yale	3,466
13. Syracuse	3,204
14. Nebraska	3,154
15. Northwestern	3,113
16. Ohio	2,700
17. Missouri	2,558
18. Iowa	2,356
19. Indiana	2,113
20. Kansas	2,086
21. Stanford	1,541
22. Princeton	1,314
23. Western Reserve	1,016
24. Virginia	757
25. Johns Hopkins	698

The only changes since last year
are that Columbia has changed
places with Harvard, Pennsylvania
has passed Illinois, Wisconsin and
California have passed Yale, and
Kansas has been outstripped by In-
diana.

Met Their Fate.

As the echo of the clanging bell died
away, the man in somber garb arose
to his feet.
"Are you ready?" he asked.
"I am," answered his companion in
a firm tone, as he, too, stood up.
"Then come. The worst will soon
be over."

Chasing the door behind them, they
descended the stairs and entered the
dining-room of their boarding house.

GMELICH WINS 15 VOTES

SPRINGFIELD NOW COMES TO THE FRONT WITH SMALL DISCREPANCY.

A CONTEST FOR LIEUTENANT GOVERNOR

Affidavits of Election Judges Allege That Painter Got Ballots to Which He Apparently Was Not Entitled.

Springfield, Mo., Jan. 5.—Affidavits showing that the plurality of Gmelich, republican candidate for lieutenant governor, was decreased in the Sixth ward of this city, to end a dispute between tally clerks, were taken to Jefferson City last night by Harry Patton, chairman of the Greene county republican committee.

The affidavits show Painter was given fifteen votes not cast for him, and that these fifteen were deducted from Gmelich's majority over Painter in the Sixth ward. The affidavits are signed by five of the six election judges in the Sixth ward.

Two of the judges so signing are democrats and three republicans. Two clerks of election have also signed the affidavits, and a democratic clerk promised to sign a similar affidavit as soon as he had refreshed his memory by a glance at the tally sheets.

The discovery by republican leaders of the discrepancy may put Gmelich in the lieutenant governor's office and defeat Painter.

When the votes were counted in the Sixth ward at the last election Gmelich was found to have run about thirty ahead of his ticket in that ward. Democratic tally clerks declared that a mistake had been made.

A dispute arose. The judges then agreed to take fifteen from Gmelich's number of votes and add them to those given Painter. They say they did not then believe that fifteen votes would have any effect on the result of the election.

This discrepancy gives Painter thirty votes he would otherwise have not received.

Center Favors Recount.

St. Louis, Mo., Jan. 5.—Major Chas. G. Center, an old-time politician of St. Louis, has this plan for settling the lieutenant governorship controversy:

"The state legislature should adopt a joint resolution providing for an entire recount of the vote for Painter and Gmelich in all counties of the state," he said. "This should be done simultaneously at all county seats by the county chairmen of the democratic and republican parties and the prosecuting attorney of that county. The entire canvass could be made in one day and the results sent to Jefferson City within twenty-four hours afterward."

"This method of recount would take all danger of a conflict away from the state legislature, and would at the same time furnish an official and correct count, and would be satisfactory to everybody, I believe."

"The amended and supplemental returns could be thus easily disposed of at the county seats."

The Dr. Camp Medical Co.

SEDALIA'S LEADING SPECIALISTS.

We, as specialists, recognize no superior in the treatment of chronic, nervous and special diseases of men and women. We have searched the world over in acquiring special knowledge for the cause and cure of deep seated chronic and complicated conditions that affect the human system. Our new and perfected course of systematic medication, the modern Americanized European method of treatment is working wonders in a large number of cases heretofore classed as incurable.

By these wonderful methods the sick can now be given the benefit of a class of treatment and a quality of skill that they have never had before without going to Europe. We have brought to this city the **GREAT MEDICAL DISCOVERIES** and inventions of the old world, in addition to the very latest and best that modern American medical science has to offer for the cure of many chronic, deep seated and special diseases that so baffle the skill of all those who employ the ordinary methods.

Our Great Medical Offices Are Now a Wonderland of Science

COST has not been considered in fitting them up and equipping them with every known modern device and conquering disease by our new and **ADVANCED METHODS**. Here is constantly being waged the great battle between life and death. Here **MODERN MEDICAL SCIENCE** and skill are arrayed against man's arch enemy—disease—by specialists who are devoting their very lives for the betterment of their fellow man regardless of the pecuniary reward received.

Scientific Use of Drugs

OUR LONG EXPERIENCE AND INVESTIGATION in the science and use of drugs have so broadened our views that we adhere to no creed, sect, dogma or special school of medicine in the use of our remedies, but we select the best of all from the animal, vegetable and mineral kingdoms and combine them in our own special laboratory and scientifically prescribe them as the susceptibility of each individual case requires. The results are therefore thorough, certain and permanent.

Overcoming all weakness and restoring the aged to normal health and vigor. Curing diseases of the Stomach, Kidneys, Spleen, Bowels, Bladder, Nerves and Genito-Urinary Diseases of Men and Women.

WE POSITIVELY cure Cancer, Piles and Fistula without pain or cutting, as well as Varicose Veins and Vericocle. We restore the sight, the hearing and the sense of smell.

INHALATORIUM

Our wonderful Inhalatorium Treatment for germ diseases is unsurpassed for all diseases of the Lungs, the Throat and the Nose—Catarrh of any organ of the system.

You need not fear the coming of the **GREAT WHITE PLAGUE, CONSUMPTION**, if you consult us in time. Many come from a distance to avail themselves of this remarkable cure.

Weak Women

Women's Department—We pride ourselves on our great achievement in restoring the gentler sex to health, strength and beauty.

We are daily making most extraordinary cures of Advanced Cases of Tumor, Cancer, Fibroid Ovarian and Uterine Tumors absolutely and permanently without operation or the use of the knife—by our Painless, Bloodless Surgery Treatment for Female Diseases.

To All Who Suffer

Laundry "De Luxe"

We call it "De Luxe" because for generations that term has been applied to the productions of the most skillful workmen in any line of trade. It never was applied more deservedly than to our work.

Here, we wash your linens clean—no streaks or spots remaining. It is done in a sensible, sanitary way that not only protects the garments themselves, but also safeguards the health of our patrons.

Try us with that next bundle and when the washing comes back, you will clearly see the "reason why."

SEDALIA THEATER.

"Little Dolly Dimples."

At the Sedalia theater Wednesday night Mr. C. Herbert Kerr will present the famous Broadway, New York, prima donna, dainty Grace Cameron, supported by Harry Bowley, the eminent comedian and mimic, in the two-act musical play, "Little Dolly Dimples," written especially for Miss Cameron by Mr. Kerr.

Magnificent costumes, rich scene settings, and tuneful, melodious, musical numbers add to the charm of the entertainment. The cast includes clever artists, among them being Jessie Cardowine, soprano; Phoebe Cardowine, America's greatest dancer; Clarence Rivers, the well known comedian; Ferd Spangler, baritone; Omer Herbert, character comedian; the Shubert Musical Four, Olaf Faber, the Hungarian violinist; Eva Speer, the celebrated whistler; the Newsboys' Quartette, the Elm City Musical Trio, and a host of other popular comic opera and vaudeville favorites.

Among the song hits are: "Dolly Dimples Made a Hit," "Jennie Jones," "Naughty Kid," "The Girl That I'd Call Mine," "Goodby, Old Home," "At Night in My Brilliant Salon," "I'm So Shy" and "Friends of Long Ago."

The entire production is carried by the company and will undoubtedly prove the singing, ringing, jingling event of the season.

seen at the Sedalia theater, is a dramatization of Mary J. Holmes' popular novel. The book is too well known and widely read to enter into any description of the plot, and Lem B. Parker, the dramatist, has closely followed the theme all the way through the four acts and six scenes. Nearly every one has read "Tempest and Sunshine," and those who have not could do so, and then go and see the play. They will appreciate the pathos and humor all the more. To be seen Sunday, matinee and night.

"The Right of Way."

"Perhaps something was left out of you when you were made."

It is in these words that La Belle Suzon, the bar-maid at the Cote D'orion, the rivermen's tavern, lays bare the character of Charlie Steele, the principal figure in Sir Gilbert Parker's great novel, "The Right of Way."

"Something was left out." That is the solution of one of the most complex and at the same time one of the most fascinating characters in modern literature. A fine, clear, brilliant mind, a splendid physique, perfect health, were only a few of the gifts the Creator gave Charlie Steele, a polished gentleman, as the world understands the word; a brilliant lawyer, but, withal, a cynic, a sneerer, an agnostic—"something was left out" when he was made, and that something was a soul.

In the earlier portions of the story Steele was a man without a soul. When, however, he had lost everything that he once thought necessary

MINISTER PUT ON TRIAL

CASE OF THE REVEREND CLYDE GOW, CHARGED WITH MANSLAUGHTER, BEGINS.

DEFENSE WINS POINT OPENING SESSION

Prisoner's Counsel Have First and Third Counts in Indictment Dismissed—Nearly One Hundred Witnesses.

Mexico, Mo., Jan. 5.—The trial of the Rev. Clyde Gow, of Elsberry, Mo., indicted jointly with Dr. W. A. Hemphill for the death of Miss Elizabeth Gleason, a Lincoln county school teacher, was begun last afternoon at a special session of the Audrain county circuit court. It was brought here on a change of venue from Troy, Lincoln county.

When Circuit Judge Barnett convened court at 1 o'clock the room was crowded with eager spectators. Immediately after court convened the defense scored, when the attorneys, R. H. Norton, W. A. Dudley and C. H. Avery, moved that the first and third counts in the indictment be quashed, and Judge Barnett ruled in their favor.

This leaves only the second count, which charges manslaughter in the second degree, with a maximum sentence of five years in the penitentiary. The first and third counts, which were ruled out by the court, charged manslaughter in the first degree, and assisting in an illegal operation.

The remainder of the day was spent in qualifying twenty-four men, from which number twelve jurors to try the case will be selected today. Fifty men were summoned to appear, from which the twenty-four were drawn.

Ninety-eight witnesses already are subpoenaed, and many more are expected to be summoned before the end of the trial. A portion of the young woman's anatomy also will be used in evidence.

Mr. Gow arrived here early yesterday morning and seemed to be in the best of spirits. He says he is ready for the trial and believes it will result in his acquittal.

Prosecuting Attorney E. S. Gantt, of Audrain, is assisting Prosecuting Attorney J. F. Crech and his assistant, S. L. Penn, of Lincoln county.

An Attractive Calendar.

The Looney-Bloss Lumber company has a very attractive calendar, depicting "Christmas Morning," which are given to friends and patrons as New Year's remembrances. The picture, a beautiful lady in a snow storm, is highly artistic and the color combination throughout brings the calendar to a high standard of art.

28TH SEMI-ANNUAL CLEARING SALE

The St. Louis Clothing Co.'s Twice-Yearly Sale Will Be Welcome News to Many.

This event in merchandising has been a regular thing with this company ever since January, 1895, and many Sedalians have come to look for them and profit thereby. In holding these sales they consider only one point, which is that all of that season's goods must be cleared out; nothing standing in the way in clearing out everything possible, in order to start the season with an entirely new stock. The important savings and the sincerity of the price reductions is evidenced by the advertisement which appears on page 4 of today's issue. The 1909 sale is especially attractive because of the wider assortment and bigger stocks than usual. Owing to the unseasonable weather and many other causes this has been an unsatisfactory business year, and the St. Louis Clothing Co. has been no exception. The conditions have compelled them to make greater concessions than ever before—in many instances a big slice has been cut from the original cost, and the values eclipse anything ever offered before by this firm.

Ruby, the 14-year-old daughter of Mr. and Mrs. W. L. Metts, of LaMonte, died at the home of her parents Monday morning, after a two weeks' illness of typhoid fever, and was buried from the M. E. church there this afternoon, the Rev. S. G. Welborn officiating.

THE DRY.

Waverly, Lafayette county, Mo., has been noted for what is called a "tough town." They have had two saloons for years, and last July they were voted out. Here is what a few of the most reliable citizens say of the change:

"Since Waverly went dry in July the town is more prosperous in every way, business has improved, and still improving,"—Isaac Fulkerson, Mayor.

"I am pleased to say that during the past six months there has been no swearing, drunkenness, and very few arrests in Waverly. Our saloon has been occupied as a residence. So much for a dry town."—B. F. Fell, City Marshal.

"The aggregate deposits made by our merchants and business men will exceed by a good deal the amounts for the same months last year, including the deposits made by the same merchants and the TWO SALOONS then running. I know our town is practically free from drunkenness. In every respect the morals of our town has improved."—J. H. Crosswhite, Cashier Waverly Bank.

RUMBLINGS OF THE RAIL

TELEGRAPHERS' UNION OPPOSED TO NEW METHOD IN OPERATION.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The management of the Santa Fe railroad has decided to operate its entire main line from Chicago to the Pacific coast by telephone instead of telegraph. Arrangements are being made for the substitution of the telephone for the telegraph as rapidly as the work can be conveniently done. Contracts have been let for the installation of the telephone wires between Emporia and Kansas City, a distance of 295 miles. The company is now operating its trains between Emporia and Newton, a distance of seventy-three miles, by telephone. The substitution of the telephone for the telegraph will cost at least \$2,000,000, but the saving which will be effected will more than offset this expenditure. It is also claimed that greater safety can be obtained by this method than by telegraph. The substitution is being fought desperately by the Telegraphers' Union, which claims that it is an unsafe way to operate trains. In the west the telegraphers are trying to interest the state legislatures against the move.

George Gould to Resign.

A New York dispatch of the 4th to the St. Louis Globe-Democrat says: Missouri Pacific's advance of 4 points over Saturday's closing during the first few minutes today was on rumors that George Gould was going to resign as president and turn the position over to F. D. Underwood, of the Erie, a man who knows the practical end of railroading from the ground up. L. F. Loree, now president of the Delaware & Hudson, it was said, was to be made president of the Erie.

Underwood's experience was gained largely in the west, while Loree is a typical eastern man, having done his best work as president of the Baltimore & Ohio. Both Loree and Underwood are close to E. H. Harriman, who is supposed to have acquired some stock holdings in the Missouri Pacific, although he is not represented in the board.

The Harriman Hearing.

The taking of testimony in the suit instituted by the government to compel the Union Pacific to give up the interest which it has in the Southern Pacific, the Atchison, Topeka & Santa Fe, and other roads constituting the Harriman system, was resumed in New York today.

The defendants include the Union Pacific, the Southern Pacific, the Oregon Short Line, the Oregon Railroad & Navigation Co., the Atchison, Topeka & Santa Fe, the San Pedro line, and a number of individuals, including E. H. Harriman, Jacob H. Schiff, Otto H. Kahn, H. H. Rogers, Henry C. Frick, Senator W. A. Clark and James Stillman.

BOND I
BROS. & CO.

Our Eastern buyer was in the New York market early last week selecting the new 1909 women's and children's garments. The first shipments have been promised us for January 15th—by that time we expect to be cleared of most all winter goods and open the season early with suits, shirtwaists, skirts, coats and children's garments.

We have completed our inventory and are pleased to announce that good old 1908 goes on record as the biggest and best year of this store's history. While others have been complaining, this store has forged steadily ahead until today we are the recognized leaders for style and quality in our lines for Sedalia and its entire vicinity. Every dollar invested in this business has gone out into the world's greatest markets five different times during the past year to be exchanged for the newest and best styles of merchandise. Prosperity seems headed this way for 1909 and this store will put forth still greater efforts in value giving and make earlier and better exhibits of the new styles than ever before.

This class is larger than before and about 100 men are to be enrolled. The course for the seaman's gunner has now been lengthened from five to nine months, and no one below a petty officer's rating is admitted. Some of the seamen gunners who were graduated from the last class are back to finish out the new course, which is to be made exclusively of the study of mines and torpedoes.

This will graduate the members of the class practically full fledged machinist's mates, as they are to be known. This is the object of the new course, it being the desire of the navy department to have men on each ship who are capable of repairing torpedoes and mines without sending them to the naval torpedo station for minor defects.

TO TALK OVER THE PHOTOMETER MATTER

This is the information Local Manager Gives Mayor Babcock—What City Fathers Did at Semi-Monthly Meeting.

At 7:55 o'clock last night Mayor Babcock rapped for order at the monthly meeting of the city council. Messrs. Baker and Sullivan were conspicuous by their absence. Mr. Baker coming in later.

Clerk Baker's report of previous meetings was filed as read.

Under the heading of "standing committees," the finance committee submitted its semi-annual report, December 31, 1908, which was ordered placed on file.

Mr. Baker's motion to record the report carried.

Mr. Baker recommended the purchasing of an adding machine for use in the offices of city clerk and collector. Mr. Olmsted moved that the committee be given further time to investigate the matter. After recommendations by Messrs. DeJarnette and Andler, to purchase the machine, Mr. Hatton recommended that the machine be purchased by the committee empowered to do so. Mr. Olmsted's motion for further time carried.

The claim of Henry Bower, of Kansas City, for \$200 for injuries received in a fall on Ohio street, was again revived by Alderman Baker, who recommended that a settlement be made for \$150. Mr. Olmsted opposed such action and moved that the matter be referred to the city attorney and claims committee to report back. The committee reported at once, rejecting the payment of the claim. Mr. DeJarnette moved that the claim be rejected. The motion carried.

For the time being Quincy avenue will have no light at the railway crossing, but possibly at some future date an improvement in that particular may be enjoyed. "Bob" Johns, of the lighting committee, reported a meeting having been held in the presence of Supt. A. J. Alexander, of the railway company, at which time the superintendent said it was impossible for the company to comply with the request of the council.

D. D. Hayward, local superintendent of the Economy Steam Heating Co., presented a petition asking for a franchise for erecting a lighting plant in Sedalia, for commercial purposes as well as for furnishing power.

Mr. Hayward explained the purpose of the company briefly.

Mr. Andler moved that the petition be referred to the lighting committee, to report back. Mr. Igenfritz seconded the motion, which carried.

Mayor Babcock told the council of the letter he had written to Supt. B. Hamner, of the Sedalia Light and Traction Co., requesting that the gas company install a photometer in the city clerk's office, and had Clerk Baker read his communication making the request before the council.

Relative to the letter Mr. Babcock stated Mr. Hamner had visited his office Monday morning and stated he was in receipt of a letter from the management of the company at Grand Rapids, Mich., wherein they said officers of the corporation would be in Sedalia within ten days and then would take up the matter with the council.

Monthly reports of officers were read and filed. They were in the usual form.

An ordinance condemning "Breakfast branch" from the southern limits of the city to Flat creek was read and passed. The passage of this ordinance is the preliminary step for the construction of sewer district No. 42.

All properly audited bills were allowed and warrants ordered drawn to pay the same.

Among the bills read was the usual "charity" bill of groceries, fuel, provisions, etc., furnished for the city's poor. In the itemized account was a grocery bill of almost \$150, sold by the J. F. Scally Grocery Co.

Mr. Baker objected to the "charity" business being given entirely to one grocer. Mr. DeJarnette spoke likewise and Clerk Baker was instructed to notify the secretary of the Associated Board of Charities to "distribute" the business as equally as possible.

At 9:20 p. m. council adjourned.

THE DISTRICT SCHOOLS

Important Meeting Is to Be Held Friday Night.

To School Boards and Patrons.

The Hon. Howard A. Gass, state superintendent of public schools, has just issued a letter, which was published in the papers of this and other counties, asking that the members of school boards and all patrons and others interested in the schools meet at their respective school houses Friday evening, January 15.

The object of the meeting is the discussion of the question, "How Improve the Country District School?" It suggests that this question include: School house site; is it satisfactory? If not, why? How improve? School building; does it need improving? How? Furniture, outbuildings, school supplies, sanitation, school libraries, qualifications of teachers, length of term, co-operation of parents, tenure of teacher, practical studies, proper training of farmers' children, relation of school to home life, and any other questions of general interest to the district.

I am sure that such a meeting would be of great benefit to all districts in the county, and sincerely hope that the school teachers and clerks and members of school boards will unite with me in working for a full and enthusiastic meeting in every rural district.

Hoping that all districts will act

favorably upon Mr. Gass's suggestion. I am, yours in the interest of the schools—T. R. Luckett, County School Superintendent.

May Use Water to Christen.

Washington, Jan. 5.—If the plans of the Woman's Christian Temperance Union, of Delaware, are successful, the giant 20,000 ton battleship Delaware, which will be launched at Newport News a month from today, will be christened with water.

The battleship Kentucky, the only vessel of her class ever christened with water, was hit by hundreds of bottles of whiskey, which were broken against her hull by Kentuckians when she was sent down the ways.

THE RUSSIAN CHRISTMAS

Elaborate Preparations Have Been Made for Celebration.

Washington, Jan. 5.—There are two Christmases at the Russian embassy, presided over by Baron de Rosen, but the real celebration comes tomorrow.

The fact that the joyous festival is, by reason of the use of the Russian calendar, somewhat belated, does not, however, affect the enthusiasm with which the celebration is carried out.

The Russian ambassador has made elaborate preparations to celebrate Christmas day, and Countess Elizabeth de Rosen, the charming daughter of the Russian representative, is expected to entertain her young friends.

If Constipated Test It Free

Every year intelligent people are dressing more lightly and paying more attention to their health. If a person eats what is sufficient for his bodily requirements he will give the blood plenty of strength to warm the remotest points of the body.

It is, as you see, much more a question of how than of how much. But the stomach and bowels, nevertheless, regulate the quality of the blood. Of first importance is the daily movement of the bowels, so that the waste matter may be carried from the system and not get in the blood. If a person has less than one movement of the bowels in each 24 hours, he or she is constipated. If constipated there is no better cure than Dr. Caldwell's Syrup Pepsin. It cures so permanently and scientifically that eventually you will be able to do without medicine of any kind, and that is the point you are aiming at. You cannot expect permanent results from salts, powders, cathartic pills or purgative tablets. They are at best but temporary relief. Dr. Caldwell's Syrup Pepsin, being a laxative tonic, will cure the trouble and so tone the digestive organs that they will soon learn to do nature's work without assistance. That is the experience, among others, of Mrs. Bernison, of Kewanee, Ill., and John M. Noesken, of Bennett, La.

This wonderful herb laxative compound can be obtained of any druggist at 50 cents or \$1 a bottle, frequently in itself sufficient for a cure. Thousands of reliable families keep it steadily for just such emergency. If, however, you have never yet used it and would like to try it before buying, send your name and address to the doctor and a free test bottle will be forwarded to your home. The results will speak louder than our words. Write to day.

GOSSIP OF THE SPORTS

**DAVE BARRY AND UNK RUSSELL
MEET IN NEW ORLEANS
TOMORROW NIGHT.**

ALSO YOUNG CORBETT AND PHIL BROCK

Sketch of Albert James Kubiak, Whom the Newspapers of Philadelphia Tout as a Great Heavyweight.

(By Knox Blockoff.)

New York, Jan. 5.—Dave Barry and Unk Russell will meet in New Orleans for a ten-round bout at the Southern Athletic club tomorrow night.

Another meeting arranged for the Crescent City fans is the second meeting between Young Corbett and Phil Brock, to be a twenty-five-round fight before the West Side Athletic club January 14.

The announcement that the fight would be held at the West Side Athletic club instead of the Southern Athletic club is interesting, as ten rounds is the limit at the city clubs.

The Corbett-McFarland bout will follow. The Pacific Athletic club of Los Angeles will stage the Freddie Welsh-George Mensie battle tonight.

Mensie is to make 133 pounds at 6 o'clock for the English champion. The bout will be the regulation ten-round, no decision affair. Welsh received a guarantee of \$1,000 for his end, win, lose or draw, with a percentage privilege.

Despite the fact that John Wille, of Chicago, was able to win a victory over Al Kubiak after one hand had been put out of commission, the Philadelphia papers are still touting the Michigan man as the greatest heavyweight discovery of recent times.

A story has been circulated that Kubiak is a "ringer," not a new-comer, to the fight game. However, few believe this, and Kubiak is probably what he seems—a big, awkward boy, who may develop into a great fighter.

For the benefit of those who look upon him as the coming holder of the heavyweight belt, Kubiak has doped out the following autobiography:

"My name is Albert James Kubiak, and my home is in Grand Rapids, Mich. I was born on April 14, 1885, in Germany, coming to this country when a mere tot, and am consequently in my 23d year. I was never known by the name of Daly or any other name, save for one occasion, when I took the place of a man named Berry in a wrestling bout, and was called Berry for awhile by the residents of Savannah, where the bout took place.

"I am the oldest of seven children, all of whom, like my father and mother, are big and strong.

"Since I have been successful at the boxing game several instructors claim the credit for teaching me the art. Well, I never had a boxing lesson. All I know about boxing came to me from boyish bouts I used to have with my chum, Stanley Ketchell, with whom I worked side by side in a brush factory in our home town. Ketchell and I were going to run away from home and go to the Pacific coast to take up fighting, being 'ring struck,' just as other kids get stage struck or run away to fight Indians.

"Mr. Kubiak, Sr., heard of our plans, and I got my first defeat right then and there. Suffice it to say, I did not go. Ketchell did, however, and today is the champion and a rich man. I tired of home life, as Grand Rapids seemed to grow smaller as I grew bigger, so at 16 I ran off and enlisted in the army and was assigned to the coast artillery. My father was very angry when he found out that I had joined the soldiers, and was going to invoke the aid of a Michigan senator to have me discharged because I was not of age, but he was persuaded to let me roll my hoop, and he did. After some

little service I was transferred to Florida, and it was there I took to boxing and wrestling, the officers and men equipping a fine gymnasium, where nightly bouts were held.

"There were some clever boxers and wrestlers there and I learned to fast that I was soon the champion of the island, and was elected a gymnastic instructor. When I served out my enlistment I returned home, and my athletic ability got me a job as a Grand Rapids policeman. I also played ball with the best independent team in the town. Grand Rapids, like Philadelphia, has a fine police force. Every man must have some athletic and military knowledge, and I was very popular with my fellow officers. I tired of the job of a cop, however, and after a year's service I jacked it up, with many an arrest to my credit. I went south again, for the double purpose of trying to sign with one of the clubs in the South Atlantic Baseball league and to see many good friends there.

"I ran over to Charleston and there met Pat Meaney, a well known and deservedly popular Philadelphia ball player, who managed the club at Charleston. We became fast friends and I used to practice with the team daily. While there, Dan McLeod, the ex-champion wrestler, came to the historic city, and his visit caused a revival of the mat sport there.

"I managed to make expenses participating in a few wrestling and boxing bouts, and the members of the Philadelphia National league team were present last spring when I appeared in Savannah, and will tell you that I was then advertised and was known as Al Kubiak. It was through Mr. Meaney that I came to Philadelphia and placed myself under the management of John Kelly, and I am glad to know my work has pleased the lovers of boxing here to such an extent as to earn me a star bout. I have engaged in twenty-six boxing bouts and have yet to be knocked off my feet.

"I will follow boxing for a living, and will only give it up when I am compelled to adopt dishonest tactics or am knocked out. I honestly think I will some day be champion and will go along as did Jim Jeffries, striving honestly to attain the title. I will meet any man living whom my manager sees fit to match me with. In conclusion, let me say that the stories about me being a ringer are untruths."

Welcome Words To Women

If, you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest square-deal medicine OF KNOWN COMPOSITION, sold by druggists for the cure of woman's ills. The makers of

Dr. Pierce's Favorite Prescription

for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper. Is this not a significant fact worthy of careful consideration?

Women use Dr. Pierce's Favorite Prescription in preference to all other advertised medicines sold by druggists for their peculiar weaknesses and ailments because it is

THE ONE REMEDY which contains no alcohol or habit-forming drugs, is not anything like advertised secret compounds or patent medicines.

THE ONE REMEDY for women devised by a regularly graduated physician of vast experience in woman's ailments and carefully adapted to her delicate organism.

THE ONE REMEDY good enough that its makers are not afraid to print its every ingredient on its outside bottle-wrapper.

It's foolish—often dangerous to be over-persuaded into accepting a secret nostrum in place of this time-proven medicine of KNOWN COMPOSITION. World's Dispensary Medical Association, Buffalo, N. Y.

ALL BLADDER TROUBLES

READILY RELIEVED BY THIS SIMPLE HOME MADE MIXTURE OF VEGETABLES.

A BLESSING TO MANY OLD PEOPLE

Will Be Less Kidney and Bladder Trouble Here If This Prescription to Make Home Made Remedy Becomes Known.

Here is a prescription that anyone can mix at home. Any good prescription pharmacy can supply the ingredients named at little cost; being composed of vegetable extracts, it is harmless and inexpensive. Best of all it does its work well, relieving even the worst forms of bladder trouble, frequent urination, backache, kidney complaint, and by its direct action upon the eliminative tissues of the kidneys, makes these most vital organs rid the blood and system of waste matter and uric acid which causes rheumatism.

Here it is; try it, if you suffer. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

Former sufferers often state that one week's use shows curative results in nearly every instance, and such symptoms as lame back, frequent desire to urinate pain in bladder and even chronic rheumatism are generally relieved within a few days, the pain and swelling diminishing with each dose.

SCHOOL BOND ELECTION

People of Los Angeles to Vote Upon \$720,000 Proposition.

Los Angeles, Cal., Jan. 5.—Tomorrow the citizens of Los Angeles will vote for or against the issue of school bonds amounting to \$720,000.

Of this \$720,000 required, \$480,000 is planned to be used to remedy the most vital need of Los Angeles' school system—the competent equipment of the high schools occupied at present, and the establishment of a new one.

The bond issue provides for seven new grammar schools, all in new and developing sections of the city. Besides this, four annexes would be constructed at schools now on the verge of congestion. These eleven buildings call for \$329,000, the remaining \$20,000 of the grammar school bonds going toward the purchase of additional land near present sites.

These improvements in the Los Angeles schools would place this city second to none in her class, while, at present, she is sadly behind the times in this respect.

Sold Mortgaged Property.

The following entry was made in circuit court Monday afternoon: "State vs. Lewis Pritchard, selling mortgaged property; defendant withdraws plea of not guilty and pleads guilty; the court finds that the mortgaged property sold being of less value than \$50, fixes the punishment of the defendant at six months' imprisonment in the county jail, and grants a parole to the defendant on condition that he does not again violate the law, pay the costs of the case within sixty days and make restoration of the property, or its value, within one year from this date; defendant furnished parole bond in the sum of \$300, with W. D. O'Connell and J. S. Goff as sureties.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man of woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

Clay, Youngest Senator. It has been stated that Mr. Clay went to the senate when he was 29 years, 8 months and 14 days old—which is interesting in view of the fact that the constitution of the United States, Art. 1, Sec. 3, says: "No person shall be a senator who shall not have attained the age of 30 years." Clay was born April 12, 1777. In 1806 he was appointed to the senate to fill a vacancy caused by the resignation of Gen. John Adair of Kentucky. A hunt through a dozen reference books discloses no hint of irregularity more enlightening than the clause in the old Johnson encyclopedia: "Late in 1806, when scarcely eligible," and another in the National Encyclopedia of Biography, "though constitutional" he was under age."

GOD WAS IN THE "QUAKE"

CLERGYMEN WHO DO NOT AGREE WITH RABBI ON MESSINA DISASTER.

A PART OF A NATURAL LAW, THAT'S ALL

Seismic Disturbances No Longer Regarded as Lawless or Malevolent—What Some of the Divines Have to Say.

St. Louis, Mo., Jan. 5.—A consensus of opinions of St. Louis clergymen expressed yesterday regarding Rabbi Leon Harrison's sermon declaring that "God was not in the recent Messina earthquake," would tend to take radical issue with the rabbi, whose views found no coincidence among them.

Doctor Harrison declared he would "rather go to hell than worship a God who would slaughter the innocent for the sins of a few." He concluded that "by no strain or credulity or faith could he imagine a God worthy of worship, yet capable of such atrocities."

Commenting on these views the local clergymen take issue on the ground that God did ordain the earthquake as a part of His plan, but not for the purpose of personal visitation of punishment.

"Was God's hand in the earthquake? Did He ordain the catastrophe?" was asked the Rev. Dr. S. J. Nicolls, pastor of the Second Presbyterian church.

"I don't know whether He was there or not," he replied. "I haven't had any information on the subject."

"I would not like to believe the earthquake was ordained merely as an act of punishment. I think there are many now living who are suffering more than those lying dead there in the Strait of Messina," declared the Rev. Dr. J. B. Toomay, pastor of the Fountain Park Congregational church.

"If God wasn't in the earthquake He isn't anywhere. I believe it was God's way, which is above our understanding."

The Rev. Dr. S. H. Walnwright, presiding elder of the St. Louis district of the M. E. church, South, expressed his views as follows:

"The Lisbon earthquake gave rise to considerable discussion with regard to the righteous government of the universe, but we have got a better knowledge about the world in which we live since. We know that earthquakes are a part of the great process of world building. There is a constant adjustment going on in the earth's crust, and it is marvelous that these processes can go on and the integrity of the planet be maintained."

"The earthquakes are but a very slight disturbance compared with the equilibrium constantly preserved in the strata of the earth. Earthquakes are no longer regarded as lawless or malevolent. They are a part of natural law. But as regards the disaster at Messina and the destruction of life by the seismic disturbance, that involves the problem of human suffering. As far as I am concerned, there is no rational solution of this problem of human suffering on the mere basis of monotheism. Looked at from the point of view of Calvary we can understand this suffering of humanity and vindicate God because He shares it with us."

"Whatever God does not do directly He permits," said the Rev. D. S. Phelan, pastor of Our Lady of Mount Carmel Catholic church. "There are but two agencies—God and man. God is the primary agency and man the secondary. There is nothing that happens that God does not do, except interfere with the free will of man, which He permits. If the earthquake was a process of nature, what is nature but God's will?"

"You can not say that the death caused by the Messina disaster was a personal visitation of punishment. You may only infer that death is a universal punishment for us all, due to original sin. The manner of death is determined by God. But it is a mistake to suppose that such catastrophes are a special act of vengeance."

"God has a purpose in all that He does. If half the world were to be swallowed up by an earthquake as the instrument of God, it would be for a holy and wise end. God, as infinite reason, would do nothing without reason. To suppose that God was not in the earthquake would be to suppose that nature was without God and can run away and do as it pleases."

The Rev. Dr. Fayette L. Thompson, of the Lindell Avenue Methodist Episcopal church, said:

"The whole treatment of Scripture on this subject is far above such a plane of reasoning. The view that accidents, disasters and catastrophes happen for the punishment of man is an old Jewish idea, which does not accord with the teachings of Christianity. Christ's attitude on this question is shown in His reply to the men who brought the blind child to Him, asking if the child's affliction was due to the sins of the parents or the child. He replied that it was neither, but that the works of God might be manifested."

"Then, death is not always a punishment. It is a mercy. Just think what would happen if nobody died."

KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Sedalia People Know How to Save It.

Many Sedalia people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Sedalia citizen's recommendation:

Mrs. Julia Crawford, 302 E. Seventh street, Sedalia, Mo., says: "I do not know what I would have done had it not been for Doan's Kidney Pills. For months I was troubled with kidney complaint and at times was laid up. I had severe pains in the kidneys, and the secretions from these organs became irregular and contained a sediment. A cold always aggravated my suffering. Doan's Kidney Pills which I procured at Bard's drug store, went to the seat of my trouble and banished the attack. I do not hesitate to give them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

There is no money in "Atlas" flour, but there is the best flour on the market.

"Atlas" Hard wheat flour is better than most others.

A KANSAS DETECTIVE HERE

He Is Not After Criminals, However—Just Visiting, Is All.

Joseph Goetzkiwicz, a city detective at Leavenworth, Kas., is in Sedalia for a few days' visit with his parents, his father having come here several days ago to take treatment of the Dr. Camp Medical Co.

Mr. Goetzkiwicz, while still a young man, is old and tried in police and secret service work, having served for a number of years as patrolman at Leavenworth, and now is doing detective work at the same place.

He has served as patrolman under both democratic and republican administrations, and talks entertainingly of the situation in the Kansas town, and especially of the effort to close the saloons there.

Mr. Goetzkiwicz is a cousin of Albert Lutz, of South Grand avenue, where he is visiting while in Sedalia.
